

Powerful protection
for your device
and the personal
information it stores.

NORTON ANTIVIRUS PLUS

Norton AntiVirus Plus is designed to protect your connected device and personal information. Your PC or Mac is protected from viruses, ransomware, malware, and other online threats as you bank, shop and post online. Your personal device has protection from unauthorized access of your personal files and the financial information it stores with our Smart Firewall. Norton AntiVirus Plus also includes always-there member support by NortonLifeLock Member Services & Support Agents.^Δ Should the unexpected happen, you'll be covered with our Virus Protection Promise to help restore your devices.²

Everyday activities like online shopping, banking, and browsing can expose your information, making you more vulnerable to cybercrime.

No one can prevent all cybercrime or all identity theft.

^Δ 24/7 Support is available in English only. See <https://www.norton.com/globalsupport>.
