

Business Contract Assist

Assistance and guidance
provided for contractual
disputes between a
Business and a third party

INTRODUCTION

All businesses inherently deal with contracts; even if they are unwritten, as with many transactions involving goods or services. In the business world, ensuring smooth and uninterrupted operations along with long-term relationships with all parties, is extremely critical. Many business executives, managers and employees aren't always aware of its Company's legal rights in terms of various statutory laws, compliance regulations especially when entering into certain contracts. Drafting of contracts and interpreting thereof can become a daunting task and omitting or altering or interpreting essential clauses without legal knowledge, could be detrimental to the Company and a costly exercise.

Business Contract Assist support services aims to:

- establish the validity/enforcement of a signed contract by the Company;
- provide legal assistance, information, advice, guidance on the drafting on any new contract for review before signature thereof;
- make contracts legible and understandable by substituting legal jargon for plain language;
- Our team of Experts are registered with regulated authorities around the world and are ready to assert and enforce our clients' legal rights.

Should the *Business Contract Assist* support services be exhausted and the Company chooses or is forced to proceed with litigation, a legal Expert can be appointed to represent the Company in a court of law. In this instance the Company will be liable for all such litigation costs incurred.
